Mukesh Kumar Mandal

Email: mukmandal67@gmail.com

Phone: +8801612387079

Address: Khulna, Bangladesh

Birth Date: 22 April 2003

Professional Summary

I'm a motivated third-year Computer Science and Engineering student at Khulna University. I love building things for the web, with strong skills in front-end development and graphic design. My interest covers both hardware and software, and I enjoy taking on leadership roles, having managed university clubs and events. I'm always looking for new projects and collaborations to grow my skills in this fast-paced field.

Declaration

I have a strong belief that my combination of skills and dedicated approach would allow me to make a tangible and positive contribution here. I'm not just looking for a role to fill; I'm seeking a team where I can actively solve problems, support my colleagues, and help drive key projects forward. You can count on me to bring consistent effort, a collaborative spirit, and a genuine commitment to maintaining the quality of work your organization is known for. I am fully prepared to invest myself in this work and grow alongside your team to achieve our shared objectives.
